

EXTENSION OF STAY MEDICAL EXAMINATION

Medical appointment scheduling via email:
epidemiologija@stampar.hr

Upon arrival at the Epidemiology Department (Mirogojska cesta 16, Zagreb), the person/worker should bring:

- Original completed and signed employer referral forms for the medical examination (previously submitted by email)
- Valid identification document containing the personal identification number (OIB)
- Available medical documentation (medical reports, discharge summaries, vaccination record)
- Stool sample

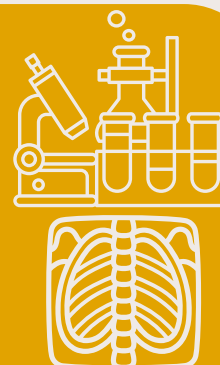

Diagnostic tests

1. Microbiological stool testing
2. Blood test (anti-HIV, HBsAg, anti-HCV)
3. Chest X-Ray - location info on arrival

} Department of clinical microbiology

****You may also bring previous X-ray, stool and serology results, as long as they are from within the past 12 months**

Medical examination

- epidemiological history
- physical examination
- vaccination status verification and vaccine administration if necessary

Upon completion of the examination, a Health Certificate and a Certificate of Completed Medical Examination are issued
